## **Limitation of liability for Shuttle Bus as part of IAA MOBILITY**

The VDA does not accept any liability whatsoever for damage to property or personal injury suffered by the exhibitor as a result of a technical defect in the vehicle and/or from an error on the part of the driver provided and instructed by the exhibitor, or by a driver from an external agency, at any time during a shuttle drive on the IAA Mobility grounds and/or the city drive, intercity drive or motorway drive. The VDA only makes the exhibition area available to the exhibitor on the exhibition grounds and at the Open Space for conducting shuttle drives at the exhibitor's own responsibility and provides the IAA app to inform visitors about the participating exhibitor and the specific buses. In the event that the visitor (third party) suffers damage due to a technical defect in the vehicle and/or due to an error on the part of the driver provided and instructed by the exhibitor, or by a driver from an external agency at any time during a shuttle drive on the IAA MOBILITY grounds and/or the city drive, intercity drive or motorway drive, the exhibitor undertakes to indemnify the VDA against claims of any legal nature brought by the third party. Furthermore, VDA shall be reimbursed for all legal costs arising from the defence of any such claims. As public traffic will also be using public roads, road traffic regulations must be observed at all times. In all other respects, the [exhibition conditions](#) shall apply.

Please be aware that buses used must have appropriate insurance cover and be approved for use on public roads.
