

An aerial photograph of a city square, likely in Munich, Germany, featuring the prominent Gothic spire of the New Town Hall (Neues Rathaus). In the foreground, a modern event space is set up with tables, chairs, and a large white canopy. The sky is a soft orange and yellow, suggesting sunset or sunrise. A large blue triangle is overlaid on the right side of the image.

» IAA MOBILITY 2025 Citizens Lab

The IAA Citizens Lab covers over 11,840 ft² on Munich's beautiful Marienplatz. Here, directly in front of the new town hall, we bring the discussion about the mobility of the future to the people of Munich and visitors to IAA.

With a varied stage program and special programs for children, young people, and seniors, Marienplatz becomes a place of fair, respectful debate culture.

Dialog formats

The sessions in the Citizens Lab cover the entire spectrum of mobility. Understandable for everyone and on equal footing.

Excursions

Exciting city walks and excursions give visitors a completely different view of mobility in the city.

Entertainment

The popular Citizens Lab entertainment formats and after-work events create a perfect end to the day.

Relax

Get out of the hustle and bustle of the city. The Citizens Lab invites you to linger and relax in front of a breathtaking backdrop.

MOBILITY

Citizens Lab Entertainment Partner

An entertainment event in the Citizens Lab is a 60-minute program item with entertainment for the audience that can also relate to mobility. Examples of an entertainment session are a poetry slam, the performance of a comedian / a comedy slam or a fuck-up night format. These formats have already proven successful in the Citizens Lab in recent years. An appearance by a brand ambassador of the sponsor is also an option.

In close cooperation between the sponsor and the IAA MOBILITY team, a suitable format is selected and organized by the IAA MOBILITY team. The basic price of €2,500 includes the benefits mentioned above, but not the costs for the entertainment act, which is billed separately.
